Insurance information:

- The insurances hold the contracts, and they change periodically. Advise the patient to contact their insurance for the most updated information.
- Participating with Medicare, NJ Medicaid, United Health Care, Department of Labor, QualCare, and BCBS (as of 11/15/12)
- Do not bill any Shore Medical patients with an insurance code of BS20 – these are hospital employees and balances will be adjusted.
- UHC contract not effective until 12/1/14 all DOS prior will be adjusted as no patient responsibility
- United Healthcare Community Plan (UHCP) claims go to (UHCP) PO BOX 8207 KINGSTON NY 12402
- Medicare HMO Plan managed by United Healthcare will be = MCAM
- Medicaid HMO Plan managed by United healthcare will be = MDA4
- New York plans, prefix YLS and bill to UNIT.
- New York plans, prefix NYC/YLA and bill to GH07.
- KDP-HZME
- BCBS prefixes NJN, YKO, NJO, YKC, YKZ, YKS and YKF bill to BNJM.
- AmeriHealth
    - If the prefix is: Q1C, Q1M, Q1N, Q1P, Q2C, Q2P, Q3A, Q3B, Q3C, Q3P bill goes to HP04.
    - If the prefix is: Q1B, Q1H, Q1S, Q1T, Q2B bill goes to HP18
    - If you have a pol# that has 8 numbers and ends in TPA, it goes to HP02.
    - If pol# is 8 numbers, no letters HP19.
- DPVT only recognizes the PT SSN as the ID number; If we do not use the SSN then this creates a rejection. Also, we do not bill DPVT and MCNJ, we bill one or the other.

    - If MCNJ is billed and pays and the balance is PTR and then the PT calls and states they have DPVT, DPVT does not do COB, they will not pay as 2ndary.

Additional Information:

- Start date 6/1/2023.
- Client emails and alerts when TOS payments for self-pay patients are taken. Added to tracking log found here: N:\Operations\Practices\HAP_BNE_Breast Center Og New England\AR\Self Pay Logs
- Client started rendering bone densities at the end of 2023. This is a paper claim process and is entered by Data. If a patient calls on a service not in the system, it is possible that the report has not been received. If the charge is not in the system, send it to CL for review.

- Client allows for patient to choose to pay out of pocket vs. submitting to insurance. There is an issue with EXA where if insurance is also on file it comes over as primary with self-pay secondary. This is currently being worked on by HAP/EXA

- CIL is NON-PAR with United Healthcare Empire Plan
- CIL in NON-PAR with MagnaCare, please refer to the list of doctors that are PAR and NON-PAR with MagnaCare:
  - If the EOB shows the adjustment amounts listed then we can make the adjustments now for PAR doctors.
  - If you see an adjustment for a NON-PAR doctor on the list then please ARF the accounts.
- DPVT only recognizes the PT SSN as the ID number; If we do not use the SSN then this creates a rejection. Also, we do not bill DPVT and MCNJ, we bill one or the other.
  - If MCNJ is billed and pays and the balance is PTR and then the PT calls and states they have DPVT, DPVT does not do COB, they will not pay as secondary.
- Secondary payers will not pay Medicare's deductible.
  - If Medicare's EOB indicates balance is the patient's deductible (PR1), secondary insurance will not pay, balance is PTR.
- BCBS Secondary: When a patient has a BCBS policy for primary and secondary coverage, please use BS15 as the insurance code for the secondary BCBS policy.
- Blue Cross New York plans, drop the prefix YLS and bill to UN26.
- New York plans, drop the prefix NYC/YLA and bill to GH07.
- Blue Shield is billed under 3G radiology's TIN due to a contract that pays higher – the TIN is: 460865944.
- KDP-HZME
- AmeriHealth - If the prefix is: Q1C, Q1M, Q1N, Q1P, Q2C, Q2P, Q3A, Q3B, Q3C, Q3P bill goes to HP04. If the prefix is: Q1B, Q1H, Q1S, Q1T, Q2B bill goes to HP18.

- Self-pay discount: 50% (anytime before the account goes to collections).
  - Hackensack Meridian Hospital Charity care patients with an insurance code as SPC will be offer a discount of 80%. If charity care is denied and the patient is self-pay they offer a larger discount. (Payment plans are only available on SPC discounts, not SPI discounts). Once the discount is applied an adjustment of 80% is taken on each charge for the DOS and the adjustment code ACOU should be utilized.
- Financial Hardship: Any patient calling and requesting a hardship discount is asked to send a letter outline their situation. Applications are reviewed on a case-by-case basis, please ARF accounts for consideration once the letter from the patient is received.

Additional Information:

- Start Date: 3/1/2017.
- For bills before 3/1/2017 please give the prior billing- (732)919-3560
- **TOMO balance** – balances that are denied as not covered or experimental will not be adjusted. Balances left to the patient as deductible, co pay or coinsurance will be patient responsibility.
- Balances get adjusted by EOB, if EOB states patient responsibility, it will not be adjusted off.
- Hospital employees - please use code HZME to bill claims for hospital employees instead of BSNJ or BS15, the claims will get to the same insurance address but using code HZME prevents us from billing the client employees.
- NCOV/NOFEE 04/17/2019: Please do not ARF accounts, instead verify the insurance information and C/R charges or E/T depending on the situation. The NCOV/NOFEE adj was done in error.

Insurance information:

- The insurances hold the contracts, and they change periodically. Advise the patient to contact their insurance for the most updated information.

- Non-Par with GHI and BCBS Empire (HUMC is par). Claims will transfer to the patient monthly.
- Pre-employment physicals should be billed to carrier HUOM - not OCC.
- **CANNOT** bill IBC – **CAN** bill BlueCard.
- Palisades employees should not be billed, please bill CH28 Harborage- not to HUMC.
- For workers COMP for Palisades employees please bill WC42- NJ manufacturing.
- Please make sure to ARF the accounts of any Palisades hospital employee.
- Blue Cross New York plans, drop the prefix YLS and bill to UN04.
- New York plans, drop the prefix NYC/YLA and bill to GH09.
- BCBS Medicare prefixes NJN, YKO, NJO, YKC, YKZ, YKS AND YKF bill to BNJM.

Collections:

- Michael Harrison
- (973) 989-4227 is the phone number for the collections department. (This number should be given to patients with normal collections balances)
- (973) 361-9271 is the phone number for the Lawsuit - Litigation department. (This should only be given to patients who are being sued by Michael Harrison)
- **CAN BILL INSURANCE (Not Medicare or Medicaid)**
  Accounts are held for 30 days, and the client is reviewing them before we send them to collections.

Payment Information:

- Statements and payments handled via Royal Pay, accepts Visa, MC, Discover and Amex.
- Royal pay phone number 888-216-2675.
- Self-pay discount: 50% (anytime before the account goes to collections)
  - NOT FOR THE NEWMAN STREET IMAGING CENTER
    Newman Street will coordinate any discounted payments at time of service. Patients will be registered as "Special Arrangement" – insurance constant "SPEC" in GPMS. All special payment arrangements are documented in the client system (Medinfo) Charges will be worked out of the Special Arrangements queue. HAP must adjust once payment is posted as the special arrangement rate is considered payment in full.
    If the patient is citing hardship a 20% discount with a payment plan can be offered.
- HRG has SPC accounts which are known as self-pay HUMC. These are patients who do not qualify for charity care. Demographic information comes over with HUMC Compassionate Care with the billing address of the patient. These should be mapped to SPC on Codia to be able to determine which patients qualify for the 75% discount.
  - For SPC patients HRG has agreed to allow these patients who do not qualify for charity care to receive a 80% discount on their charges– putting them at the Medicare rate.
  - No adjustment is applied to the charges until the patient calls in requesting a discount. Patient is billed with the full balance. There are 2 reasons for this - to show the patient the large discount they are receiving as well as allowing them to be set up on a payment plan (payment plans only available on SPC discounts, not SPI discounts). Once the discount is applied an adjustment of 80% is taken on each charge for the DOS and adjustment code ACOU should be utilized.
- If a patient has been approved for charity care, the self-pay discount cannot be offered.
- Please see the list of places of service above to see whether Charity Care is accepted or not. If Charity care is accepted and approved use regular insurance code (99CH/80CH).
- Balances are not adjusted off for deceased patients.
- HRG does not write off balances for hospital employees- if the hospital employee feels they should not have had a balance they will need to contact their insurance.
- Financial Hardship: Any patient calling and requesting a hardship discount is asked to send a letter outline their situation. Applications are reviewed on a case-by-case basis, please ARF accounts for consideration once the letter from the patient is received.
- **Newman St** accepts payments at time of service through a separate credit card vendor called Royal Pay.
  - ARF the account if the patient's payment is not applied.

Additional Information:

- Start Date 1998
- Co-ins, co-pays and deductibles for hospital employees are not written off.
    - If a hospital employee feels they should not have a balance due they will need to contact their insurance carrier.
- Start Date 1998
- **TOMO balance** – balances that are denied as not covered or experimental will be adjusted. Balances left to the patient as deductible, co pay or coinsurance will be patient responsibility.
- Calcium Scoring (75571)
- HUMC or Palisades - does not bill for Calcium Scoring.
- Pascack Valley (ERPH, IPPH, OPPH, ERP, IPP, OPP) – CALCIUM SCORING TEST (75571)- When patients call in to dispute their bill for a calcium scoring done at Pascack Valley, please have balances adjusted as ACOU using message code 'INVOICE'.
- Newman St (IMG) – Patients pay $99.00 up front which is considered payment in full.
- HRG also has another group of Radiologists that read the reports called California Advanced Imaging.
    - If you look at our system you will see we are only billing for the technical component.
    - HRG uses California Advanced Imaging due to the volume of the radiology performed.
    - Patients with medicare – charges are to be billed to the medicare that the provider is located.
        - The place of service will be the same as the provider code.
- AE Global Transplant Unit: charges need to be corrected and reposted to HUMC, this is an invoice/memo that we do for the client, and they need to get captured in a report. It should go into set 8 and populate the effected DOS if we are able to obtain that information from the patient.
- BVMI is a free clinic that is offered to patients below the poverty line. From time to time, we receive charges from this clinic for services that our providers have rendered. These are set up as charity care and are typically written off, but sometimes the charges do not get imported from the hospital as BVMI and AR needs to adjust them off manually.
- SPSA. Charges will be worked out of the Special Arrangements queue by confirming the Financial Agreement Documentation in Royal Pay. Once the agreed upon payment is posted the remaining balance should be adjusted using ASPI unless the Financial Agreement states otherwise. Any missing payments should be researched by also checking if posted in HRG or NCI prior to sending any balance due to the patient.

Payment Information:

- Statements and payments handled via Patient Pay, accepts Visa, MC, Discover and Amex.
- No courtesy or employee discounts.
- Charity care approved by the hospital will be honored with HRRA. The patient is responsible for all deductibles, copayments / co-insurances. We cannot adjust the balance per our contracts with the insurance companies.

  Use 99CH constant in GPMS.
- Any TRUE self pay patients should be out to Plan# 4256 in Imagine so the SPI adjustment gets applied.
- Self-Pay Discounts- charges out to SPI will automatically have a 50% adjustment applied on the charge. This discount should reflect on full balances only and is only automatic for patients that are presented as SPI initially. In the event a denial is received that determines whether the patient was initially presented as insurance but now owes full balance this can be treated as SPI.

Verbiage for HAP Call Center agents to respond to questions about time-of-service payments:

"Payors do not make it easy for providers to estimate up front. We take the information we have on hand at the time, which is your benefit coverage and how much the insurance is contracted to pay us. We calculate cost

share with that information. Usually we are pretty close, however sometimes payors send us back vague information that we have to guess with. We will use this case to refine our estimate process."

HIPAA on IIHS:

For non-PI Liens they go to Chartswap. For PI liens the attorney office will send their requests to ihspiliens@hapusa.com.

- Courtesy requests are given at radiologist's requests.
- Per Dr. D'Antonio, we can offer a discount to patients and potentially write off balances for denied tomosynthesis (77061, 77062, 77063, and G0279). If the patient disputes a bill for the full charge amount ($90.00) because an insurance denied as experimental, please follow the given instructions:
  - If the insurance is Humana, advice the patient that this is the way Humana is processing these claims.
  - We can offer to reduce the bill to $35 to see if the patient will agree to pay.
  - If the patient still disputes the balance entirely, advice the patient that we will write it off as a courtesy.
  - When posting the adjustment, we utilize Adjustment Code ACOU with message code 1200.
- Financial Hardship: not accepted.

Additional Information:

- Mammo will only be performed at Women's Breast and Imaging Center
- The consultant hired by JRA took over all old balances for JRA regardless of if HAP is doing the billing or the balance is from old billing. When we receive patient calls, we need to find out what DOS Trident is attempting to collect on. If it is prior to 12/1/2013, we need to tell the patient that we can't help them. They will need to contact Trident and find out what company sent them the debt. If the balance is truly ours, we need to refer them back to the collection agency we originally sent the balance to.
  - Trident Asset Management 866-695-8893

Special Programs:

- Listed below are special programs for JRA. If patients call with updated insurance information and any of their charges are out to the programs below; please DO NOT bill those charges out to insurance.
  - *These are special programs and should not be billed out. *
- SPC1 – Bariatric pre-op/post-op, hospital pays HCFAs at 50% of charge amount
- SPC2 – CCTA invoices to hospital at 40$ each read.
- SPC3 – Komen Grant invoiced to hospital for mammos/cad/us breast.
- SPC4 – Employee Exams, employees tested for TB, adjusted off.
- SPC5 – Mammo Promos MAY and OCTOBER ONLY, invoiced to hospital.
- IMM – WJMC Industrial Medicine Mammo, hospital pays HCFA.
- SPC6- Deepwater Horizon program covers chest x-rays done on a routine basis for patients who were part of the oil spill cleanup.
- SPC7- Provider is Dr. Roy Johnson, these services are invoiced to the hospital and paid. The PT is not responsible for these services.
-

- **MDSave Patients:**
  Discount is given to MDSave patients at time of service if they opt to purchase and MDSave voucher. The amount paid by patient is sent to POS and JRA separately to cover the technical and professional components. Breakdown of payments can be located on the MDSave website. Charges should be 'billed' to the MDSave voucher insurance plan to prevent patient billing. (These accounts that have MD Save are to be handled internally, so if the account did not have the MD Save, please ARF the account once we get a copy of the voucher sent to us by email or fax).

  CAN BILL INSURANCE (NOT MCARE OR MCAID)
- Accounts are sent directly to collections without the Client review
- Anything over $9.99 is reported to the credit bureaus.

Payment Information:
- M/C, Visa and Discover. No Amex.
- Charity care is not accepted.
- Self-pay patients are not offered a discount (self-pay charges are not billed by HAP. If PT states they are self-pay or if you come across account with SPI on it, please ARF)
- Payments for co-pays, deductibles, coinsurance are never collected at TOS. Payments collected at TOS would be for Cardiac and Calcium Scoring, Self-pay Pts, and Medical Records requested by PT (none of these charges should be appearing in GPMS, please see under Additional Information).
- Advanced Beneficiary Notice (ABN's): Are obtained at the office for non covered services.

- Financial Hardship: patients need to provide documentation showing the facts as to why they are requesting a discount with proof. If a discount is provided it will be a 30% discount. Waiving the full balance will not be approved. If the balance is under $200.00 a discount will not be offered but a payment plan will be encouraged.
- Courtesy Discount and Employee Discounts: are offered to employees and employees' family but charges will not be sent to HAP for billing, any employee call must be ARF'ed.
- Attorney Settlements: offers are sent to Julie for review/approval.

Additional Information:

- Start date: 05/01/2019.
- Billed as an Office Visit
- The client agreed to our PP guidelines.
- Cardiac Scores: MPR runs specials where they offer cardiac score services at a cash rate of $95 or $100. Payments are supposed to be run through a specific outlet in Instamed by MPR staff so that they do not get posted to charges in the account – but this does not always happen. Cardiac score charges do not come into Centricity, so if posted these payments will appear to be over-payments on other DOS. If you come across an account with this scenario, DO NOT REFUND. Please ARF the account.
- CD/Medical records: the facility charges $10.00 per CD of films if we have a credit balance in the account of $10.00 or $20.00 it might not need to be refunded. Please ARF the account so AR can look on the client site to confirm that the payment was meant for medical records.
- JW Modifier: If a patient call disputing a charge line with a JW modifier assigned to it, proceed with a small balance write off (ADJ CODE: ASB) if the charge balance is under $5.00.
  If the charge amount is greater than $5.00 the balance will remain patient responsibility. Please do not ARF as AR has no other options than what previously stated.

LCH-Fees.xlsx

- CPT 75571: if you receive a patient call and the patient is stating they paid $150.00 at the time of service and their procedure was 75571 please transfer to carrier SPR. These are Calcium Scoring patients who declined to have their insurance billed due to insurance normally denying this service as not medically necessary. They are also claiming they were not informed of our billing. We are currently checking with Dr. Abel to see if MRD has a special procedure for Calcium Scoring patients. Transferring to SPR will stop the patients from going to collections while we research.

All special payment arrangements are documented in the client system (Medinfo) Charges will be worked out of the Special Arrangements queue. HAP must adjust once payment is posted as the special arrangement rate is considered payment in full.

- SPSA. Charges will be worked out of the Special Arrangements queue by confirming the Financial Agreement Documentation in Royal Pay. Once the agreed upon payment is posted the remaining balance should be adjusted using ASPI unless the Financial Agreement states otherwise. Any missing payments should be researched by also checking if posted in HRG or NCI prior to sending any balance due to the patient.
- Refunds are processed and sent by the Client.
- Accepts payments at time of service.
    - ARF the account if the patient's payment is not applied.

Payment Plans with INMR:

Payment Plans agreements are signed in the office at TOS. These Payment Plans are set up based on an estimate of the total patient responsibility for a certain procedure before we bill the patient's insurance. When patients receive our bills and contact our office advising that they already set up a Payment Plan with the office, we need to confirm what the patient responsibility is after insurance and set up the payment plan in Imagine based on that new balance.

Prior Billing: client directly handled prior billing.

- Any DOS prior to 10/1/14 has been sent to the collection agency and any small balances were written off.
- **old billing- small balances after insurance were written off. Everything else after 6 months went to collections.

Insurance information:

- The insurances hold the contracts, and they change periodically. Advise the patient to contact their insurance for the most updated information.
- When updating the insurance set to BCBS, always use local BSMA. The only time we change the address is when told by Phicarrier or BCBS themselves.
- Correct Aetna insurance code: AE
- US Family is military through Tufts. It is never secondary.
- BCBS Secondary: When a patient has a BCBS policy for primary and secondary coverage, please use BSM2 as the insurance code for the secondary BCBS policy.
- Patients with BCBS, Harvard Pilgrim and Tufts may have provider codes that start with a 'P'. For all other insurance billed, the provider code will have the normal provider constant codes.
    - Each doctor will have a constant that starts with a 'P' and one without (except if the providers name starts with a 'P' normally, the BCBS, Harvard Pilgrim and Tufts provider code will then start with 'PP')
    - There are two different provider codes for each provider because these providers have a different contract with BCBS, Harvard Pilgrim and Tufts than the other insurances. The 'P' identifies which NPI and Tax ID to use on the claims form.

- When reposting claims that were already sent to BCBS, Harvard Pilgrim and Tufts you will need to change the provider constant to the constant without the 'P' or double P. You will do this on the first screen you come to when you select the repost option.

- Harvard Pilgrim processes their bills in a teir system. The hospital claims (technical) are on tier 1, and the professional bills are paid at teir 2. We cannot bill as tier 1.
- Harvard Medicare Advantage Plan (CH16): please C/R to insurance code CH16 all member IDs that start with H00.
- HSN: Not accepted. It is only for the facility bills. No Free Care special arrangement like CWR and MRD.
- Medicaid - We do not bill out of state Medicaid.
- Any out of state Medicaid claims should be billed to MDOS. MDOS is set up to auto adjust daily at the end of day.
- State Farm MVA claims will need to be billed to the constant AS25 only. The reason is that all constants for that insurance were condensed into that constant.

Additional Information

- Charity Care: Not accepted.
- Start date: 6/10/2024
- End date: 2/28/2025 (last wind down date 5/31/2025)
- All remaining balances are sent to a collection agency; patients must work with that agency as we no longer are the biller.
- Any DOS prior to HAP's billing start date, please refer the patient to call the previous biller. Change Healthcare: 877-318-7142.
- Self-pay patients – Uninsured patients: SHR Offers 30% discount for UNINSURED Patients. As per client, if we see the UNINSURED patient has already paid 70% of the charges without calling, we can automatically apply the discount. However, if the patient hasn't made any payments yet, the patient needs to call and request it and pay the balance in full. If the balance is out to FAP, that means the 30% discount is already applied and the balance is PTR. <THIS DOES NOT APPLY FOR PATIENTS WITH INSURANCE>.
- Financial Hardship: not accepted.
- Specialty: Diagnostic Radiology – Teleradiology
- For Calcium Scoring Test – Please C/R this kind of test to the constant SCAL. This constant will need to be added to set 8 if not on the account already.

Insurance information:

* VA referrals are not being received by the client. Patient Keeper is listing auth field as 'auth pending/PCP'. For any account in which VA Community Health is the only insurance and there is no referral listed/found these will need to be shifted to the patients with an account note stating that a referral will be needed to rebill. For accounts where there is health insurance listed, remove VA Community and promote health insurance for billing. Also ensuring to note the account the reason the VA was removed and to not re-add it without a referral. There is a hold report in Imagine that places charges in HCFA review where all charges not matching referral criteria '12 characters; either starting with UC or VA followed by 10 digits' will be placed on hold. If charges are moved to the patient, the HCFA can be removed from the HCFA review however if insurance is updated the HCFA will need to be unheld and reset to bill to the new insurance.
*24 Denials from Medicaid payers usually mean that the incorrect plan was billed. Review where denial is coming from. If Medicare is primary balance gets crossed over to regular Medicaid, if HMO is on file rebill the insurance on file. If Medicaid is listed on file, check eligibility for correct insurance, update and bill
*Blue Cross secondary to Medicare; rejects that claim cannot be billed prior than 30 days from pay date. HCFA review hold created, these will need to be unheld and released once EOB is dated 30 days +

- * Harvard Pilgrim plans, whose ID#s tend to begin with HP are true Harvard Pilgrim members
- Health Plan Inc ID#s begin with HH
- United has a POS plan that follows HP standards and guidelines. These policies start with 8 or 9 and are to be billed to United but sometimes can come over as HP in error.
- *If 0042T denies for coding issues such as medical necessity or not medically necessary these do not go to coding. There is no other coding available. If patient resp, balance bill. If no patient resp, then adjust for denial reason
- *99153 generally does not get paid when billed with 99152, these get adjusted or moved to the patient if liable

- Charity care is accepted.
  - Charity care is only accepted if the date on the approval letter is within 6 months after the DOS.
  - If a patient calls requesting charity care, direct them to the facility to apply and request a copy of the approval from the facility.
  - Repost or transfer balances to insurance constant CCPD when a patient state they have applied for charity care, the accnt will be placed on hold for 30 days and then will be automatically transferred to SPI to resume the statement cycle. Patients should be advised that they must send in proof of charity care approval as soon as possible.
  - If a patient pays a bill and then calls us to let us know that they have charity care and want their money back we need to investigate this. Tell them that we will forward this to a practice supervisor, and they will get a call back regarding a possible refund. We accept charity care as a courtesy, but we will always accept patient payment before charity care.
  - Charity care Novant (CCNV), please do not free text, ARF the account if constant is not found.
  - Charity Care Northern Hospital (CHTR), patients that are approved receive a letter from Tammy Jenkins. The letter covers DOS 30 days after the date on the letter and prior DOS. If the patient is requesting that a balance is written off because they received this financial assistance approval and the DOS is covered, balance should be sent to CHTR.
  - Charity Care Community Care Clinic (CHCO).
- Healthcare Access: 100% charity care for patients who qualify for Healthcare Access. For some accounts we will receive this as the insurance information for the date of service. Others will be qualified after the service has been performed.
  - You can C/R to constant CHHA and use N/A as the policy number. The card sometimes lists the effective and expiration dates and an "MN" number. If you have that info, you can input the MN # in the policy number field and the effective and expiration dates in the insurance set.
- Discretionary Adjustments/Professional Courtesy Write-Offs: Must be authorized by Darlene Clagett.
- Financial Hardship: Any patient calling and requesting a hardship discount is asked to send a letter outline their situation. Applications are reviewed on a case-by-case basis, please ARF accounts for consideration once the letter from the patient is received.
  - Patients requesting a reduction are to be advised to apply for charity care through the facility. ***The client will not consider financial hardship if the patient has not tried to get charity care first.*** If the patient has already done so, and was denied, they should send in a hardship letter.
- Discount Programs: Mammo programs for Komen, BCCCP and employer groups. No employee discounts.
- Time of Service Payments is not accepted as of May 2020.
  - Collected at Triad Interventional Clinic.
- Advanced Beneficiary Notice (ABN's): Are signed by Medicare patients for services that may not be covered due to diagnosis.
- Self-pay patients are offered a 40% discount when they pay their balance in full within 60 days of their first statement.
  - If a patient calls for the 40% discount and the account is already set up in centricity as selfpay with no insurance, there is no need to ask the patient if they have insurance, we can apply the discount.
  - If a patient had insurance in Centricity that was denied because they no longer have coverage, we can apply the discount.
- Refunds: Refunds are processed as needed. The checks are cut on a weekly basis in the Media office and will be forwarded to the Portsmouth office for preparation.

- No employee discounts.
- Attorney settlement offers/reduction requests are not accepted.
- Letters of Protections from Attorneys (LOP): TRA will honor Letters of Protections from attorneys for workers compensations cases but will not honor LOP's for auto or liability. When we receive Letters of Protection for WC cases, open balances are to be transferred to constant WCLP.
- Does not accept Amex.

Additional Information:
Start date: 4/1/2018.

- Three Novant locations obtain waivers for screening tomos from patients. This waiver allows Triad and the facility to bill the patient for the screening tomosynthesis if the insurance denies the claim.
  - The facility charges the patient $55 at time of service for the technical component, and the patient is responsible for the $90 charge from Triad for the professional component. Places of service that obtain waivers are Novant Health Breast Clinic, Kernersville Medical Center, and Thomasville Medical Center. These patient's charges can also be identified because they will have a task in the "Screening Tomos PTR" Queue in Centricity.

- Special Billing Programs:
  In the instance a patient call is received, and the patient is stating the services are part of a special billing program:
  - Services done at places of service below will be mapped to insurance code "TRAC".
  - Check the below spreadsheets of DSA and GBL programs to verify the program is on the list.
  - Cross reference the POS on the charge to the below DSA and GBL POS tables to determine if the charge is to be c/r to constant TRAC.

DSA Places of Service:

POS Code	POS Description
3	Novant Health Imaging Maplewood
4	Novant Imaging Piedmont
5	Novant Health Breast CT - Imaging
25	Novant Health Imaging - Kernersville

GBL Places of Service:

POS Code	POS Description
3	Novant Health Imaging Maplewood
4	Novant Imaging Piedmont
5	Novant Health Breast CT - Imaging
25	Novant Health Imaging – Kernersville

  - Worker's Compensation claims: Employer's info can/will be added to Triad patient accounts regarding WC. We can send out HCFA forms to Employers.
  - DSA codes are used to identify clinical research or other special billing programs. Invoices will be created for DSA programs.
  - GBL represents that global billing is submitted by the facility and TRA is reimbursed from that payment. GBL programs will continue to be billed to the carrier on paper claim until further notice.
  - When adding insurance information, do not free text, please ARF the accounts.

- Patients could potentially have more than one account in Centricity and may request that they be merged into one account. Since TRA receives charges from multiple health systems, we need to keep them separate to ensure that charges in the account are associated with the correct hospital MRN.

- If a patient calls for the mailing address:
  Provide a mailing address and ask if they need a new statement.
  - If yes, ask if you can email the statement.
  - If not to email, verify their mailing address and mail a statement with a blank envelope.
    Please track the number of envelopes you are sending for the month of January.

- Cardon Outreach is a company that the hospital uses as a “hold” while they obtain the patient’s worker’s compensation or liability insurance information. This company reports back to the hospital, who then reports the information to us to be added to the patient’s account. If a patient calls in with WC/MVA or TPL information it may be added and updated if out to HOCO.
- Applegate Foundation: Patients who have received Breast MRI can go online at https://www.patientservicesinc.org/patients/supported-illnesses/breast-cancer-screening-program and apply for up to $1500 of coverage. If they are approved for coverage, Applegate calls us requesting a claim and if done in POS 3, 4, 5, or 25 gets C/R to TRAC. All other locations go to GB17.
- There has been an ongoing issue VACC and CO242 denial code. The patient can be told to disregard the bill. Make sure the balance is transferred back to VACC if it hasn’t already been. Please DO NOT ARF these accounts.
- Triad Office Payments– only taken at Triad’s Office. Patients may pay their bill at Triad’s Office. These will NOT be TOS payments but made after a bill has been received. When a payment is made in the Office, Triad office Staff will report the payment to Reimbursement and Client Leader. The Reimbursement team ensures payment is added to the pay log and posted. Client Leader ensures account is marked as paid in Patient Pay and balance is transferred to PPND in Centricity. Any Triad Office Payment inquiries can be escalated.
